Central European Superleague
SINCE 1993

1) GENERAL PROVISIONS AND REGULATIONS

The Central European Superleague, in the following called the “CES”, is an international league, organised as joint venture of specified Central European national table tennis associations for top teams.

ITTF Laws and Regulations for International Competitions shall apply to the CES, unless otherwise stated in these Regulations.

Teams have to behave in order to promote the sport of table tennis and shall refrain from any unfair action and from any performance contrary to sporting ethics.

2) EVENTS

There shall be separate events for men’s and women’s teams.

3) AUTHORITY FOR ORGANISATION

A special committee consisting of one representative of each of the Table Tennis Associations of Austria, Croatia, Czechia, Hungary, the Slovak Republic and Slovenia, called the “CES Committee”, is the governing authority for the organisation of the CES. This committee can be extended on its own decision by representatives of further national table tennis associations having teams participating in the CES. This committee nominates one person as Organizer. It has to solve all questions finally which are not regulated otherwise.

The Organizer is responsible for preparing and announcing all publications of the CES. He shall circulate the Regulations for the CES to all relevant national associations and qualified clubs not later than 1 month before the closing date for entry and shall also publish the results of the draw as well as match dates and specifications of playing conditions and equipment immediately after the conduction of the draw. He shall receive and publish the results of all matches. He shall prepare and publish ranking lists of teams and individuals, deal with protests (of 1st stage), carry out the necessary correspondence. All said communication shall be done, as far as possible, by e-mail. If a club has no e-mail address, its parent association is responsible to forward all relevant information.

4) QUALIFICATION

The number of participating teams per association will be decided in CES meeting.

National associations are responsible for nominating their teams. If the intended number of 16 teams (men) or 12 (women) should not be reached, the committee is entitled to fill the vacancies by other teams affiliated to a national table tennis association. The participation of under 23-teams of all national associations is also accepted.

5) COMPOSITION OF TEAMS

Each team shall nominate a maximum of 15 players eligible for participation in CES matches until the 30th June before the start of the CES and shall submit this list to the Organizer. Each additional nomination of a player must be presented at least one day before the draw. But no addition to the 5 top ranked players of the team shall be accepted. Players shall be ranked in a straight ranking order by their playing level, priority has to be given to the official world ranking but, if a player is not included, to the national ranking list. If this ranking does not comply with the actual playing level, the CES Committee is entitled to modify the order. During the playing season the ranking order shall not be changed. The responsible national association has to confirm by the same date that all players nominated are registered for the team’s club in accordance with the association’s regulations. In each match a team may nominate only 1 player not being eligible to represent an ETTU member association.

No player may represent a club in a CES match, if he/she is representing another club in any event or league in the same season. Under 23-players being nominated for a CES club are not allowed to take part in national Under 23-teams. Under 23-players being eligible in the first half of the season shall be eligible also in the second half as well. All clubs are obliged to cross out not eligible players from their nomination. Referees may verify the identity of players by checking their passports or other official documents.

A team nominating a non-eligible player shall lose the match by 0:7 respectively.
 All clubs which have non European players in their teams are obliged to ask their opponent clubs before the start of each stage (1st stage groups, 2nd stage Champions and Challenge Play-off) to send an official invitation for these players in order to receive their visa in time.

Team no. 1 shall be placed in group A, no. 2 in group B, no. 3 in group C. The remaining teams, depending on the number of participants, shall be drawn by lot, 3 by 3, into the groups, observing that teams of the same association are separated into different groups, as far as possible.

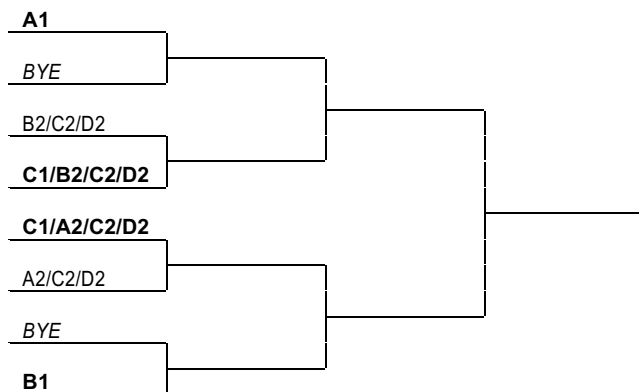

A	B	C
1	2	3
4-6	4-6	4-6
7-9	7-9	7-9
10-12	10-12	10-12

If the positions of 2 or more teams are still equal after using the procedure mentioned above their positions shall be determined by lot.

In the preliminary and in the 2nd stage a team match is finished if a team won 6 individual matches (in case of a score of 6:0 a 7th individual match shall be played).
